PH Durham recognizes the ongoing financial support and sponsorship of; Harry Foster Foundation, Ministry of Community and Social Services, Durham College/VOIT Residence Centre

Participation House Project services include:
24 hr Residential Supports, supported independent living options, respite programs that promote skill development including day, afterschool and weekend programs and Person Centred Plan Development.

Our agency promotes services where persons with disabilities are included as full, participating members of the communities in which they live and work. Our practices are guided by a fundamental belief of respect for one another, understanding the uniqueness of each person and the inclusion of all citizens within their community.

What's LRP All About?

Life Readiness Program (LRP) is a 5-day summer respite program based out of Durham College Residence. The program promotes independent living skills through supported learning opportunities, demonstrations, and practical real-life experiences.

Trained Facilitators work with the participants to set objectives for skill development and provide guidance in their attainment.

Who Can Attend LRP?

- Are you 18 and older with a developmental disability?
- Interested in meeting new people and exploring your community?
- Interested in learning skills to live more independently?

Answered **YES** to any of the above, and have a developmental disability?

LRP Mentorship

New Mentor Program

- Have you participated in the LRP program before?
- Are you interested in developing your leadership skills?
- Would you like to be a mentor to new participants in the LRP program?

If you answered yes to all of the above questions please identify your interest in taking part in the fun skill building program starting on June 24-25 2019 –for
